Call for Participation

We invite you to join us in 4th International conference on Big Data, Machine learning and Applications (BIGML 2023)

This Conference will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Computer Science and Information Technology. The Conference looks for significant contributions to all major fields of the Computer Science and Information Technology in theoretical and practical aspects. The aim of the conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field.

Highlights of BIGML 2023 include:

- 13th International Conference on Computer Science and Information Technology (CCSIT 2023)
- 11th International Conference on Artificial Intelligence, Soft Computing (AISC 2023)
- 11th International Conference on Signal, Image Processing and Pattern Recognition (SIPP 2023)
- 12th International Conference on Parallel, Distributed Computing Technologies and Applications (PDCTA 2023)
- 8th International Conference on Software Engineering (SOEN 2023)
- 8th International Conference on Networks, Communications, Wireless and Mobile Computing (NCWMC 2023)
- 8th International Conference on Data Mining & Knowledge Management (DaKM 2023)
- 4th International Conference on Natural Language Processing & Computational Linguistics (NLPCL 2023)
- 4th International conference on Integrating Technology in Education (ITE 2023)
